THE LITTLE GREENE PAINT CO.

Little Greene paint colours and wallpaper collections will bring fabulous colour and elegance into your home.

The high quality range of paint finishes have unequalled depth of colour and over 40% more pigment than many ordinary paints.

For exterior and interior decorating, the extensive paint palette includes historic colours, extensively researched with English Heritage, and striking contemporary shades. Together they give you the true Colours of England.

Paint colour charts to take away and wallpaper samples to order are available from our showroom.

Sample Pots

Little Greene paint sample pots are available in all colours in an Acrylic Matt Emulsion finish.

We recommend applying a sample pot of colour as the appearance of paint colours can vary according to adjacent room colours and lighting conditions.

Available as 250ml tins.

Acrylic Matt Emulsion

An environmentally friendly paint, renowned for being very matt and chalky with ultimate flatness, a feature of the high pigmentation and quality materials used.

Available in all colours - 1Ltr, 2.5Ltr & 5Ltr tins. Suitable for many surfaces including walls, ceilings, plaster & lining paper. Gloss level: 3% matt and is spongeable.

(Code Range: 60500 - 60526)

Acrylic Eggshell

Formulated to resist moisture, staining and general wear and tear, Acrylic Eggshell is a tough yet subtle finish and a superb kitchen and bathroom paint choice. It will give tremendous service in a busy home and is an ideal solution for those who want durability with a soft low sheen finish.

Available in all colours - 1Ltr, 2.5Ltr & 5Ltr tins. Suitable for most surfaces including walls, woodwork and primed metals. Gloss level: 20% and is washable.

(Code Range: 60550 - 60563)

Oil-based Eggshell

A low odour, traditional oil-based paint with a low sheen finish. Very tough and durable giving unrivalled service in areas of the home requiring cleaning and stain resistance.

Suitable for use on interior woodwork and metalwork, it's an excellent solution for painted kitchen and bathroom surfaces.

Available in all colours - 1Ltr, 2.5Ltr & 5Ltr tins. Gloss level: 25% low and is washable.

(Code Range: 60630 - 60638)

Flat Oil

This super fine low odour paint produces the ultimate matt finish on interior woodwork and walls. This paint finish is formulated to be easy to apply by brush or roller with superb coverage. Not recommended for kitchens and bathrooms.

Available in all colours - 2.5Ltr tin. Suitable for interior woodwork and walls. Gloss level: 3% matt and is completely washable.

(Code Range: 60601 - 60604)

Ultimatt Emulsion

One of the most environmentally friendly paints available, ULTIMATT® Emulsion has been specially formulated to provide the ultimate performance paint with superb depth of colour and a flat matt finish.

A 100% acrylic formulation resists staining, provides exceptional washability and is 15 times tougher than ordinary matt emulsion with a 10 year guarantee on external masonry. Available in all colours - 1Ltr, 2.5Ltr & 5Ltr tins. Gloss level: 5% matt and is washable.

(Code Range: 60530 - 60543)

Wallpapers

The London Wallpapers collection has been inspired by eight historic wallpapers from the English Heritage archive.

Dating from 1760 to 1890, these stunning flocks, sophisticated prints and the use of vivid colours and metallic finishes bring the archive to life for the 21st Century.

Complementary paint shades allow you to create a beautiful cohesive result.

THE PAINT & PAPER LIBRARY

Paint & Paper Library uses the finest ingredients and technology available in order to recreate that vitality and depth of colour found in classical fine art practices and in contemporary visual cultures.

The brand embodies the creative ethos and drive of the Design Director and work alongside both interior designers and homeowners alike - partnering them, supporting them and offering advice to help them resolve their interior design challenges.

The company's dedication to taking the often complex art of colour and presenting it beautifully but simply, is at the heart of the brand.

The best selling paints from the library are the Architectural Colours, which have been designed around an 18th century colour by numbers system. These chromatically arranged tonal off whites, numbered I to V, can be used separately or in conjunction with one another on ceilings, cornices, walls, mouldings and woodwork.

The ranges are displayed in ways which demonstrate numerous possible combinations but always with the reassurance that the colours you choose will look fantastic together.

Welcome to Paint & Paper Library.

Welcome to the infinite possibilities of Colour.

Paint colour charts and wallpaper books are available to view at our showroom and sample pots are available for purchase.
(Code Range: 60100 - 60337)

Oil Eggshell

A protective and durable low odour oil based paint that dries to a low sheen finish. This flexible and hard-wearing eggshell paint is suitable for all interior woodwork, furniture and conventional radiators.

Available in all colours as 1Ltr or 2.5Ltr tins.
Coverage is up to 12 square metres per Ltr.
20% sheen level and is washable.

(Code Range: 60451)

Flat Oil

A traditional, decorative oil rich paint for interior plaster or interior woodwork, steel and other suitable substrates, prepared and primed as necessary which dries to a matt finish. Tough, hardwearing film, with high opacity and excellent flow.

Available in all colours as a 2.5Ltr tin.
Coverage is up to 12 square metres per Ltr.
3% sheen level and is wipeable.

Water Based Eggshell

An environmental alternative to oil based systems. This protective mid sheen acrylic eggshell dries to a porcelain finish. Recommended for all interior woodwork or plasterwork and as a base for many decorative paint effects.

Available in all colours as 1Ltr or 2.5Ltr tins.
Coverage is up to 12 square metres per Ltr.
25% sheen level and is washable.

(Code Range: 60430 - 60439)

Exterior Eggshell

A durable, flexible, low odour oils based eggshell that dries to smooth, opaque finish.

Suitable for use on soft and hard wood doors, window frames and garden furniture. Also suitable for use on primed metal surfaces such as railings, gates, guttering and furniture.

Available in all colours as 1Ltr or 2.5Ltr tins.
Coverage is up to 12 square metres per Ltr.
20% sheen level and is washable.

(Code Range: 60420 - 60424)

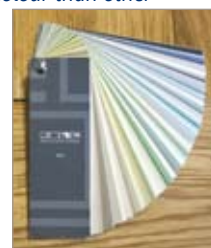

Flat Emulsion

A matt water based emulsion paint that dries to a soft, chalky finish. The high pigmentation gives a greater depth of colour than other modern emulsions.

Formulated to be micro-porous to allow the fabric of a building to breathe. Suitable for all interior plaster ceilings and walls.

Available in all colours as 125ml, 1Ltr, 2.5Ltr and 5Ltr tins.
Coverage is up to 14 square metres per Ltr.
2% sheen level and is gently wipeable.

(Code Range: 60400 - 60410)

General & Specialist Paints

At Marches we also stock a range of other paint and finishing companies which produce products for a vast range of materials including wood and metals. These are some of the leading brands we have in stock and are able to order for you. Call in for details.

FARROW & BALL

Farrow & Ball paints represent the ultimate in depth of colour and elegance of finish, while their wallpapers are quite simply unique.

The company is renowned the world over as colour experts and suppliers of decorative paint and papers to a discerning clientele.

Farrow & Ball continue to make and check each and every batch of paint themselves, thereby guaranteeing superior finish, depth and accuracy of colour.

Farrow & Ball paints grace the walls of some of the most beautiful homes across the world. The colours and finishes are historically rooted, meticulously researched, and reflect the company's unique heritage.

The same distinctive approach applies to Farrow & Ball wallpaper: no-one else uses real paints and traditional printing methods to create papers of such exceptional texture and beauty.

Paint colour charts to take away and wallpaper books are available to view at our showroom.

Water Based Eggshell

An environmentally friendly alternative to Oil Eggshell. Ideal for all interior woodwork, it can easily be wiped or washed clean. With a lower sheen level than other water based eggshell paints, it is an compliment to the range of Estate Emulsion and Modern Emulsion paints.

Available in all colours as 750ml and 2.5Ltr tins. Coverage is up to 30sq. m. per 2.5Ltrs. Use Water Primer & Undercoat. 20% sheen level and is completely washable.

(Code Range: 61080 - 61162)

Floor Paint

This tough oil based paint with a classic eggshell finish is available in all colours and so is an ideal way of treating timber or concrete floors. Stylish and practical, Farrow & Ball Floor Paint is suitable for use in virtually every area of the house, from hallways to kitchens, bathrooms, utility rooms, playrooms and offices.

Available in all colours as 750ml, 2.5Ltr and 5Ltr tins. Coverage is up to 60sq. m. per 5Ltrs. Use Aluminium Based Primer for wooden floors. 40% sheen level and is completely washable.

Sample Pots

The appearance of a colour changes according to its surroundings, so we suggest that you try out our colours in situ using our 100ml Sample Pots before deciding which shade would be the perfect compliment to the style of your property.

Sample pots are available in the entire range of colours in the signature Estate Emulsion finish. The paints are rigorously tested to the highest standards to ensure consistency of colour so you can be sure that the colour in the sample pot will match the end result.

(Code Range: 60704 - 60832)

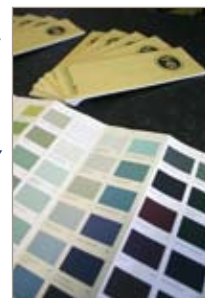

Estate Emulsion

Used throughout the house for ceilings and walls, the environmentally friendly Estate Emulsion defines the Farrow & Ball look. The chalky matt finish has unrivalled depth of colour. With enhanced coverage and more pigment in every tin than other emulsions, it is a finish that quietly sets you apart.

Available in all colours as 100ml, 2.5Ltr and 5.0Ltr tins. Coverage is up to 70sq. m. per 5Ltrs. Use Water Primer & Undercoat or Stabilising Primer. 2% sheen level and is wipeable.

(Code Range: 60900 - 61031)

Oil Full Gloss

A low odour oil paint with a traditional high gloss finish. Our Oil Full Gloss is suitable for both interior and exterior wood and metalwork. No longer restricted to front doors and window frames, it is increasingly being used for ceilings and walls.

Available in all colours as 750ml and 2.5Ltr tins.

Coverage is up to 30sq. m. per 2.5Ltrs.. 95% sheen level and is completely washable.

Wallpaper

Farrow & Ball bespoke wallpapers are manufactured using traditional methods. Our ground colours are applied using a brush method giving the paper its unique textured background and our patterns are then applied with our environmentally friendly paints with the traditional block and trough print techniques.

All Farrow & Ball papers are stain resistant and washable. Due to the nature of the process each piece of paper will be individual and slight differences will occur. This is intended and is the hallmark of traditional paper. Please order sufficient rolls as no batch is repeated (pattern may differ slightly).
