**Slide corner pull out shelving unit**

Slide corner includes two shelves and all fittings for installation in corner cabinets. Shelves do not obstruct adjacent cabinet when pulled out and pull out independently of each other.

**Please note:** 92° cabinet hinges must be used, as door needs to open a minimum of 92° to allow the unit to pull out. Wide corner post must also be fitted, if D handles or similar protruding handles are used on the unit doors.

**Note:** Diagram and photos show right hand version
