

Unitool Multi Drilling Jig

- For the carcass connector ranges Minifix 12 and 15, Rafix, Pushfix, Onefix, Slimfix, Tab V, cup hinges (Ø 26 and 35 mm) and mounting plates with 32 mm hole pattern
- Quick and dimensionally accurate drilling with removable drill inserts
- Universal application within the furniture construction for drilling rows of holes, 37 mm distance from the front edge of the carcass, 60 mm distance from the rear edge of the carcass
- Supplied with drill insert for edge drilling for 16/19/22 mm or 15/18 mm panel thickness with integrated clamping device to secure the drilling position

Application:

Removable drill insert - The removable drill inserts can be exchanged, which allows quick and dimensionally accurate drilling of the hole. The jig can therefore be used universally within the furniture construction

Edge drilling - The drill insert for edge drilling allows adjustment to 16/19/22 mm panel thickness or 15/18 mm panel thickness

Panel drilling - The clamping device secures the drilling position. This allows quick drilling of hole series at a distance of 37 mm from the front edge of the carcass and 60 mm from the rear edge of the carcass. Locating pins make it easy to position the clamping device

A Drilling jig Unitool Multi

- Allows a quick and easy drilling of various borings into your work piece
- The jig consists of a basic body made of aluminium. This body holds drill sleeves for drilling holes with a Ø 5, 8 and 10 mm
- A compatible hexagon key is included
- The jig allows you to operate the following work steps which are included in this set:
Drilling of 32 mm line holes
Drilling of a pair of holes in the 32 mm system
Drilling of horizontal borings (edge borings) for wood thicknesses of 15, 16, 18, 19 and 22 mm
- The jig allows you to operate the following optional work steps:
Drillings for the TAB or TAB-V connector
Drillings for the Minifix 12
Drillings for the Minifix 15
Drillings for the connectors Rafix, Pushfix, Onefix and Slimfix
Drillings for boss (cup) hinge Ø 35 mm and Ø 26 mm
