

**A Contact adhesive, water based**

- Contact adhesive is an easy to use water based polychloroprene adhesive specifically developed to reduce solvent emissions
- Apply a thin layer of adhesive to both surfaces
- Dries clear

Size	Cat. No.
1 kg	003.09.321
5 kg	003.09.320

Order qty: 1 pc

**B PVA Adhesive for wood bonding**

- Multi purpose
- Water resistant
- Fast setting
- Clear drying
- RF dryable
- D3 waterproof rating

Size	Cat. No.
1 kg	003.17.001
5 kg	003.17.002
25 kg	003.17.003

Order qty: 1 pc

**C Waterproof PU timber adhesive**

- Polyurethane adhesive with very high water resistance for the fast bonding of all types of wood, particle board, formica, paper, cardboard, onto all substances, both porous and non-porous
- Especially suited for bonding on humid materials
- D4 waterproof rating
- 750 g bottle

Colour	Cat. No.
Brown	003.00.045

Order qty: 1 pc

**D UHU-Plus glue**

- Capacity up to 300kg/cm<sup>2</sup>
- Each set includes: 1x bonder, 1x hardener and 1x mixing pan with spatula

Size	Cat. No.
2x 15 ml	003.03.024

Order qty: 1 pc

**E PVA primer and sealer**

- A multi-purpose bonding agent, primer and sealer
- Mix with mortar to add tensile strength, increase abrasion resistance and adhesion, and minimise the risk of shelling and cracking
- Can be used either neat or diluted, according to the application
- Easy to apply with brush or roller
- White

Size	Cat. No.
5 litres	003.58.601

Order qty: 1 pc

**F General purpose superglue**

- Provides high strength, rapid bond to plastic, ceramics, wood, metal and most other surfaces
- Medium viscosity
- Clear

Size	Cat. No.
20 g	003.04.009

Order qty: 1 pc
