Connecting Fittings

A Topfix angle bracket

- Developed for industrial installation using the Varianta 32 system of series-drilled holes
- For flush or butt mounted panels
- Ideal for installing trim panels in situations where screw mounting is difficult
- The slightly contoured section ensures a tight fitting joint without impeding subsequent release
- Galvanized steel
- **Please order fixing materials separately**

	Cat.No.
Angle bracket	264.27.912

Order qty: Multiples of 50 pairs (50 right hand and 50 left hand)
