

Bar railing system:

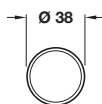

- A complete range of decorative bar railing fittings in satin and polished stainless steel as well as polished brass and chrome plate off the shelf, or we can offer a comprehensive specification service
- Ideal for pubs, clubs, theatres, shopping complexes and restaurants
- All chrome products are plated on polished brass tube, castings and stampings, thus producing a high quality finish
- **Railing application:** Railing supports and holders should be mounted at no more than 700 mm intervals along the railing tube, and 150 mm from end of tube
